

Saskatchewan Rates

Rates effective Feb. 1, 2012.

Service:

Standard: Door-to-Door or Station-to-Station service.

Priority: "Guaranteed Space": Shipment guaranteed to arrive on quoted schedule. 100% Refund Guarantee. See reverse for details.

Weekend and Holiday Service*:

Saturday Pick-up and Delivery Service: Subject to a \$15 surcharge. Weekend sticker must be applied on the shipment in close proximity to the waybills.

Sunday/After-Hours/Holiday Pick-Up and Delivery Service: Subject to a \$30 surcharge. Weekend sticker must be applied on the shipment for Sunday shipments.

* Not available in all locations.

Instructions on How to Determine Your Rates.

- Find your Zone:** Locate the intersection between your origin (headings) and Destination (left column) to find your Zone Code.
- Key Points:** If your origin or destination is not listed, go to the Key Points chart on the reverse side. Locate your city and use the Capitalized City of the column under which it resides. (repeat step 1)
- Calculating your Rate:**
 - Determine both the Dimensional and Actual weight of your package.
 - Domestic Dimensional Weight Formula: (Length x Width x Height) in inches / 1,728 x 10 = Dimensional Weight in pounds.
 - Shipment pricing is based on the cumulative total of the greater of the dimensional or actual weight per piece.
 - Locate the Weight Tier (tiers shaded in white or grey) closest to but NOT exceeding your shipment weight.
 - Locate cost from top row within tier. Add the cost of each additional lb. using the per lb. cost from the bottom row.
 - Example:** 1) 20 lb. standard package shipment for Zone J totals \$29.09
2) 45 lb. standard package shipment for Zone J totals \$44.59.
\$29.09 (first 20 lbs.) + \$15.50 (additional 25 lbs. x \$0.62 per lb.)

Terms and Conditions:

Calculating Dimensional Weight For Domestic Shipments:

- Domestic Dimensional Weight Formula: (Length x Width x Height) in inches / 1,728 x 10 = Dimensional Weight in pounds.

If no weight is indicated, Greyhound Courier Express may apply a default weight with a minimum of 20 pounds.

NOTE: For multiple piece shipments the total weight of the shipment is calculated based on the cumulative of the greater of either the dimensional or actual weight of each piece.

Greyhound Courier Express reserves the right to re-weigh all packages or take the Volumetric weight (also referred to as Dimensional or Cubic Weight), and charge the highest of the total re-weigh or total Volumetric weight per package. Volumetric weight is calculated by multiplying the dimensions of your package by a factor of 10 lbs per cubic foot for Domestic shipments. The customer acknowledges that charges based on the weight determined by Greyhound Courier Express shall be levied and agrees to pay same.

An additional charge will be applied where the origin or destination point is deemed by Greyhound Courier Express not to be serviced directly.

Prices subject to all applicable taxes and fuel surcharges.

Priority Service Guarantee: Priority Service is available either one province to the east or west of the shipping origin on Greyhound routes only. Not available on STC routes in Saskatchewan. Shipment guaranteed to arrive within 2 hours of quoted schedule published by www.greyhound.ca except in circumstances beyond Greyhound's control.

Note: Pick-Up and Delivery business hours are 8am - 5pm.

Weight Restrictions: Maximum weight restriction of 100 lbs. (actual weight) per piece. Any single piece of freight exceeding 50 lbs. (actual weight) must either have a Heavy Sticker or Heavy Luggage Handle Tag affixed to the shipment.

Pick-up and Delivery: Pick-ups and deliveries beyond the 25 Kilometer perimeter of our depots may be assessed a \$1.50 per Kilometer surcharge for each delivery beyond the 25 kilometer perimeter.

Dangerous Goods will no longer be accepted for carriage effective November 1st, 2010.

For additional out of province key points, please visit shipgreyhound.ca and locate rate sheet of applicable province.
